

Digital Pathology Made Practical

- ✓ Easy Integration
- ✓ IT Friendly
- ✓ Cost Effective

Biocare Digital Ready Staining + the PreciPoint R8 adds live viewing and slide scanning with no heavy IT, complex integration, or enterprise costs.

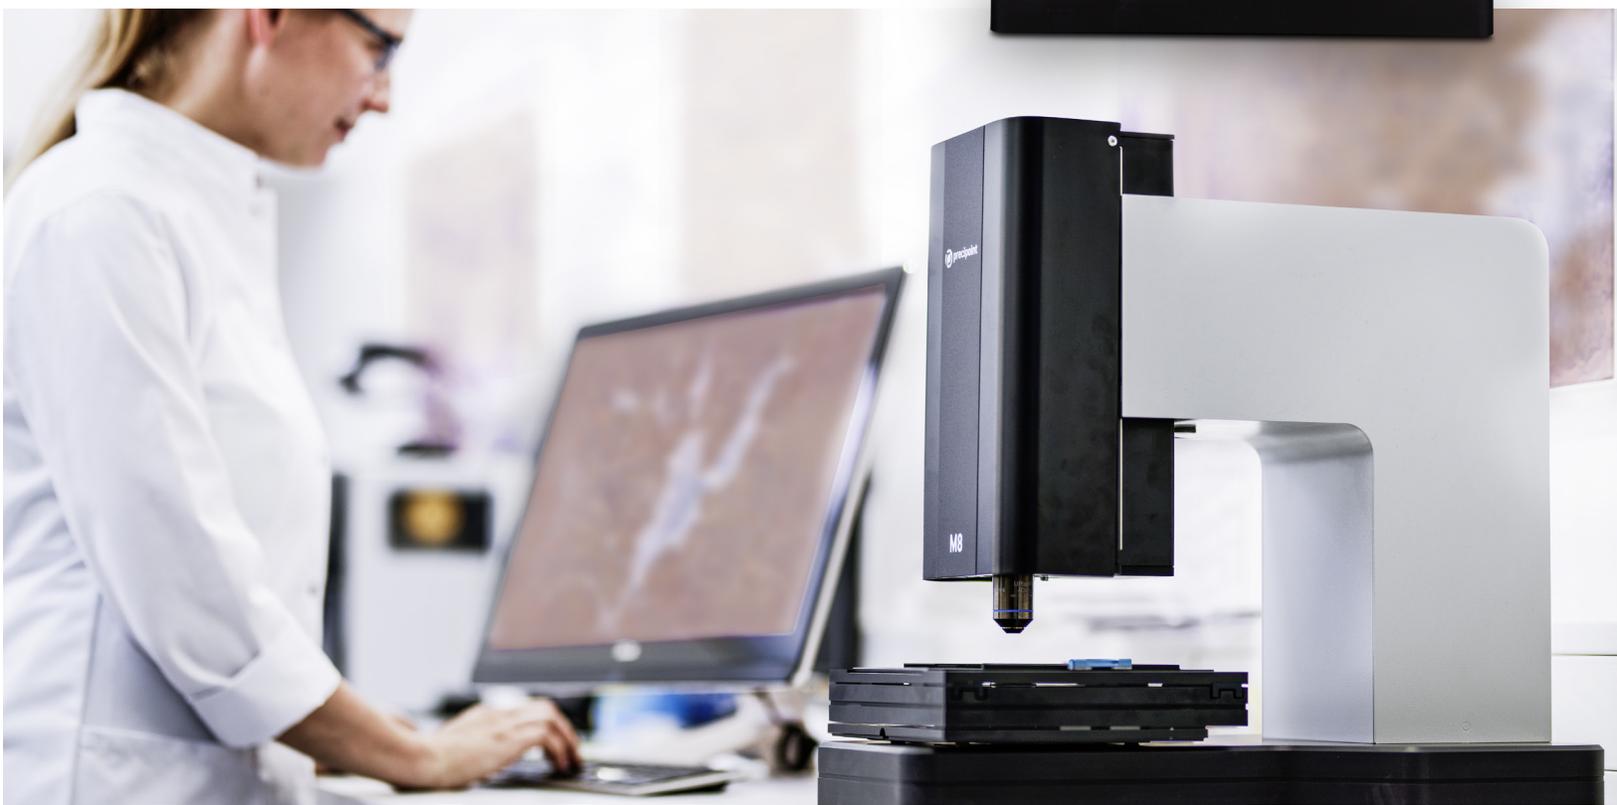

Faster Decisions Instant live viewing

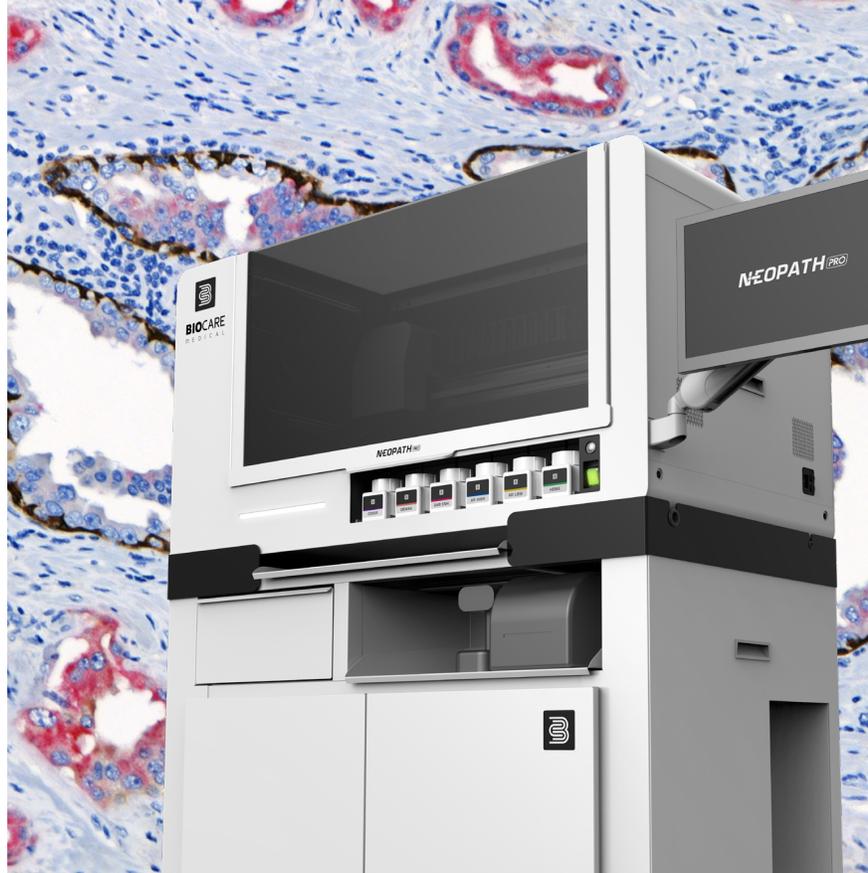

Fewer Repeats Reduce rework and QC failures

Faster Troubleshooting Remote Biocare support

Remote Collaboration Share cases instantly

Inspection Ready Digital records for CAP audits

PreciPoint R8 Digital Microscope + Scanner

- Live digital microscopy in seconds
- Scan up to 4 slides at once
- No LIMS or IT integration required
- AI-based region detection for fast scanning
- Secure remote control and support
- Small bench-top footprint

Powered by the Biocare + PreciPoint Partnership

- Seamlessly integrated with Neopath Pro
- Simple deployment with no heavy IT or LIMS integration
- Affordable entry into digital imaging
- Designed for everyday labs, not enterprise systems
- Supports your growth into algorithm-driven pathology
